TUESDAY EVENING, DEC. 3, 1901

AIMED AGAINST TAYLOR .- Representative Robert L. Henry of Texas introduced a bill in the House yesterday that is loaded with dynamite for W. S. Taylor, formerly Governor of Kentucky, and now a refugee in Indians, and his former Secretary of State, Finley, both of whom are badly wanted by the Kentucky authorities for alleged participa-tion in the murder of Governor William Goebel. The bill introduced by Mr. Henry amends section 5278 of the Re-vised Statutes of the United States, so vised Statutes of the United States, so that a fugative from justice cannot rely on the political irriendliness of any Governor of any State or Territory. It provides that when any agent of any fugitive from justice has fled, produces a copy of an indictment found, or an affidavit made before a magistrate of any State or Territory charging the person who has thus fled, and demanding his corrent with having committed treason. person, with having committed treason, felony, or other crime, certified as authentic by the Governor of the State or Territory from which the person so charged has fled, such demand, to-gether with the indictment or affidavit, alone, shall be conclusive evidence and indisputable proof to executive authority and courts of any State, that such person is a fugitive from justice. It makes it mandatory upon the Governor of such State to cause the arrest of such fogitive, and have his person delivered to the agent of the State demanding him. The passage of the above bill would effectually end the controversy between the Governor of Kentucky and the Governor of Indiana.

some new features are to be introduced into this famous periodical—one is the printing of long storice complete in a single number—no serials. A splended group of storice by the best living writers for young folks has been gathered for this purpose.

"NATURE STUDY"
is now a great resture of St. Nicholas. The young readers ask questions and they are answered in a department called "Nature and Science." Private schools take the magsaine for this alone. of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate and stone, than that of an inferior grade. It gives more heat, less sahes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
